

Giant Campus Academy

Graduation Application

Students who believe they have met the Giant Campus graduation requirements are required to undergo an Academic Review. The review will determine whether the student has completed all of the necessary graduation requirements.

Submission of this form will initiate the review process. The submittal of this Graduation Application does not certify that the student will be cleared for graduation. If the review proves that additional credits are needed, then the student must complete them before he or she will be allowed to graduate.

If graduation is denied, then the student will be notified in writing and the results of the Academic Review will be made available. If graduation is approved, the student will receive notification by email and their diploma in the mail.
